## Empower Their Steps by ponseti treatment

Every step a child takes is a milestone, and as a medical professional, you have the power to ensure that those steps are confident, pain-free, and full of potential.

### Our expectations of a participant

- 100% commitment to become Clubfoot.world expert
- Registration of treated children
- Focus on clubfoot treatment and Child Orthopedics
- Willing to learn, open to cultural differences
- In your practice you are willing to work in a team

### Goals

- Encounter many clubfeetpatients
- Cultural and Medical Inspiration
- See clubfoot treatment in different stadia
- **Experience;**
  - large volume in a challenging environment
  - patient advisory
  - see more than 20 tenotomies
  - consult more than 200 clubfoot children

### What do you get?

- Ever-lasting solid base
- Access to our buddy system, to consult and advice in difficult cases
- Certification leads to becoming a referral center
- You will be registered in the clubfoot.world register of specialists
- You will become and recognised as a Clubfoot.world specialist.
- You will receive a certificate of training participation from our partners Cure India and Global Clubfoot Initiative.
- You are included in the Clubfoot.World network.
- Patients. Local patient groups will refer to your Clubfoot Centre. More patients create more experience.
